

FROZEN ROAD DECLARATION

Division of Transportation Systems Development
Division of State Patrol

Date Issued:

Pursuant to Wis. Stat. s. 348.175, the Wisconsin Department of Transportation declares the zones identified below are eligible for increased weight limitations:

Zone	Declaration Effective Date/Time
1	END Wednesday, March 15, 2023 at 12:01 AM CDT
2	END Wednesday, March 15, 2023 at 12:01 AM CDT
3	END Monday, March 13, 2023 at 12:01 AM CDT
4	END Wednesday, March 1, 2023 at 12:01 AM CST
5	

Authorized Highways

- No state and US numbered highways.
Note: travel is not allowed on any state highways with posted weight restrictions
- No interstate highway, except the I-39 and I-41 corridors¹
- No local roads are authorized under this declaration. Check with local highway maintaining authorities to determine if local roads are under any frozen road declarations. If local authorities have not issued a declaration, normal weight limits apply.

Eligible Vehicle Restrictions

- Vehicles must be legally registered, which means:
 - currently registered for 80,000 pounds, or
 - the maximum gross vehicle weight based on number of axles and axle spacing allowed under Wis. Stat. ss. 348.15(3)(c) or 348.15(3)(br), if less than 80,000 pounds
- Vehicles hauling abrasives or salt for highway winter maintenance, **including** salt brine or liquid calcium chloride
- Vehicles hauling peeled or unpeeled forest products cut crosswise, **not including** woodchips

Authorized Weights

- The maximum gross vehicle weight is **98,000 pounds**, which includes all axles
- Each individual axle is limited to a maximum of 23,000 pounds and must contain at least 8% of the vehicle's gross weight to be counted as an axle
- For groups of 2, 3 or 4 consecutive axles, refer to the weight chart² included in this declaration for the maximum allowed weights
Note: Axle groups of 2, 3, or 4 axles will be split only to determine the minimum (8%) or maximum (23,000 pounds) weights allowed on a single axle

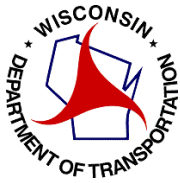

For More Information

Contact the OSOW Permits Section at **(608) 266-7320**, or call (608) 266-8417 for a recorded message

Frozen Road Declaration Weight Chart

DECEMBER 29, 2022

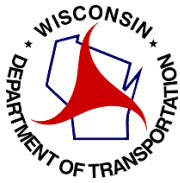

MAXIMUM WEIGHT LIMITATIONS IN POUNDS

For Forest Products Cut Crosswise, Abrasives or Salt Used for Winter Road Maintenance

The weights in the below chart indicate maximum weights on axle groups. Additionally:

- Maximum Single Axle Weight = 23,000 pounds
- Maximum Gross Weight = 98,000 pounds

Distance in feet - Front to Rear Axle Centers of Axle Groups	2 Consecutive Axles	3 Consecutive Axles	4 Consecutive Axles
4	38,000		
5	38,000		
6	38,000		
7	46,000	49,000	
7.5—8	46,000	50,500	
8.1—8.4	46,000	54,000	
9	46,000	55,000	
10		55,500	
11		56,500	
12		57,000	67,500
13		58,000	72,000
14		58,500	72,500
15		59,500	73,500
16		60,000	74,000
17		61,000	75,000
