Which state issued the most recent title?

Because vehicles can be titled in different states, it is important to review messages generated in PARTNER during processing and/or vehicle inquiry.

Example: A title transfer from an out-of-state title, when a Wisconsin title record exists in the DOT database.

 1108: This vehicle exists in the WI Database. The current Out-of-State title must contain an issue date later than the WI title date. If not, Mail the application to DOT.

Last Wisconsin Title Date: Jan 23, 2019

Example: A title transfer from a Wisconsin title, when an out-of-state title record exists in NMVTIS.

 1134: The National Motor Vehicle Title Information System (NMVTIS) indicates vehicle is already titled in the following state. Ensure the Wisconsin title contains an issue date later than the out-of-state title: NM

Be aware of these messages and verify the title being used is the most current state of title before continuing with the transaction.

New dealer processing resources available

The video and PowerPoint links for the most recent title processing training have now been added to the [eMV PARTNER webpage](#).

After each quarterly training session, new video and PowerPoint links will be added replacing the prior versions.

Keep your eyes open in your inbox for updates on future trainings offered by the department.

REMINDER: The benefits of document upload

The document upload feature in both eMV PARTNER and some title vendor systems is now available. The supporting document upload feature streamlines your operations and allows you to electronically submit the transaction's documentation after completing processing. This feature is beneficial to your organization as it will reduce:

- Postage costs
- Probability of documents being lost in the mail
- Probability of documents resulting in missing work

For more information regarding document upload, see the supporting document upload user guide as well as video on the [eMV PARTNER webpage](#), and/or check with your vendor.

Quarterly Report

The following numbers have been generated from the Dealer and Agent Section (DAS) Quarterly Report. This data is from the **second quarter** of the fiscal year beginning July 2021 (October through December 2021).

Electronic Title and Registration Processing

Dealers and agents processing titles and/or registration electronically.

| Activity | Third Quarter |
|----------------|---------------|
| Renewal agents | 1,294 |

Title and lien agents (includes dealerships) 4,499

Electronic Title Delivery

Lenders receiving electronic title records.

| Activity | Third Quarter |
|----------|---------------|
| Lenders | 1,125 |
