WisDOT Project ID: Project 1550-02-08/78
 Baldwin – Clear Lake
 US 12 West to Polk County Line
 US 63
 St Croix County

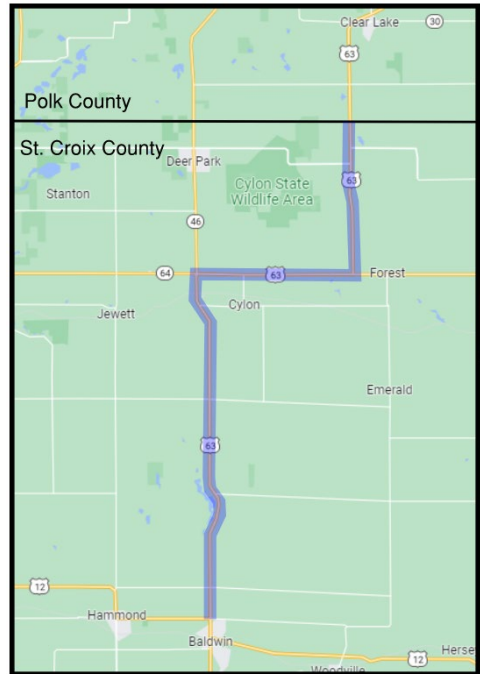

This letter is intended to provide notification of an upcoming Wisconsin Department of Transportation (WisDOT) resurfacing project on a segment of US 63 in St Croix County. Any comments received will be documented in the environmental review process. The WisDOT project team appreciates your participation and comments on this preferred alternative.

Project Description

WisDOT is preparing plans for the proposed undertaking along this segment of US 63 that consists of:

- Milling and overlaying the asphalt pavement.
- Replacing deteriorated culverts.
- Making structural repairs on various bridges and culverts throughout the project.

The project is located on US 63 and begins at US 12 (west) and extends north to the St. Croix/Polk County line. The project is needed to preserve and improve the roadway segment of US 63 by addressing pavement and structure condition. Construction is currently scheduled for the summer of 2027.

Proposed Traffic Impacts

US 63 will remain open to traffic throughout most construction. Work done on travel lanes and shoulders will occur using single-lane closures. Temporary signals or single-lane closures will be utilized at structures where work is proposed. A short-term detour will be implemented to facilitate construction of a deep culvert replacement that will utilize County E, County T and County G.

Schedule

- Preliminary design began.....Spring 2023
- Plans, specifications and estimate submittal.....August 2025
- Scheduled Construction.....Summer 2027
 - o Construction could occur as early as 2026 if funding becomes available
