

Fall 2020

WisDOT Project ID: Project 7560-05-04/74
 Blair – Merrilan (Trempealeau/Jackson County Line to I-94)
 WIS 95
 Jackson County

The Wisconsin Department of Transportation (WisDOT) is in the process of gathering public input on a proposed improvement along WIS 95 between Blair and Village of Hixton. We invite you to review the information contained here or on the project website at <https://wisconsindot.gov/Pages/projects/by-region/nw/wis95jack/default.aspx>. Comments received will be documented in the environmental review process. The WisDOT project team appreciates your participation and comments.

Project Description

The preferred project alternative includes resurfacing 9.72 miles of WIS 95, replacing structurally deficient culverts and cattle passes and upgrading curb ramp in the village of Hixton to meet Americans With Disabilities Act requirements. Culvert and ditch cleaning, along with pipe lining and beam guard upgrading, also will be included in this project. The project limits are between the Trempealeau-Jackson County line and I-94 in Hixton. No real estate acquisitions are planned for the project. Construction is anticipated to begin in spring 2024, but the project could be advanced to 2023 if funding becomes available.

Proposed Traffic Impacts

The project will be using single-lane closures with flaggers for majority of project. The flagging operation will be used to perform mill/overlay work when culverts are replaced. Two lanes will be open at the end of each day.

Schedule

Begin preliminary design.....	February 2019
Plans, specifications and estimate submittal.....	May 1, 2023 (May 1, 2022 – Advanceable)
Letting.....	Sept. 12, 2023 (Sept. 13, 2022 – Advanceable)
Begin construction.....	Spring 2024 (Spring 2023 – Advanceable)
