Highway Safety Improvement Program (HSIP)

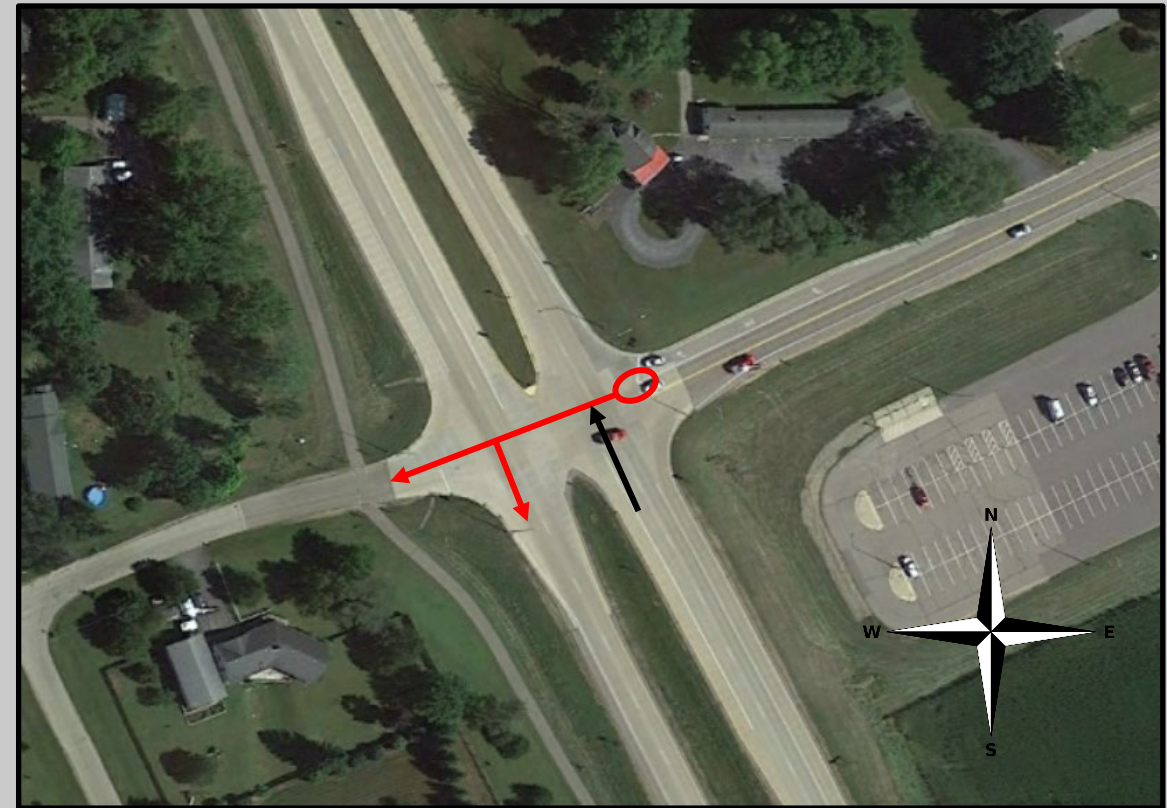

- What is it?
 - Program goal – achieve significant reduction in traffic fatalities and serious injuries on public roads.
 - Requires data driven, strategic approach to improve the safety of the road while maintaining performance for years to come.
- Crash history
 - No significant crash history at WIS 78
 - Significant crash history at WIS 188/Tetiva Road will receive HSIP funding

Purpose and need

Intersection safety

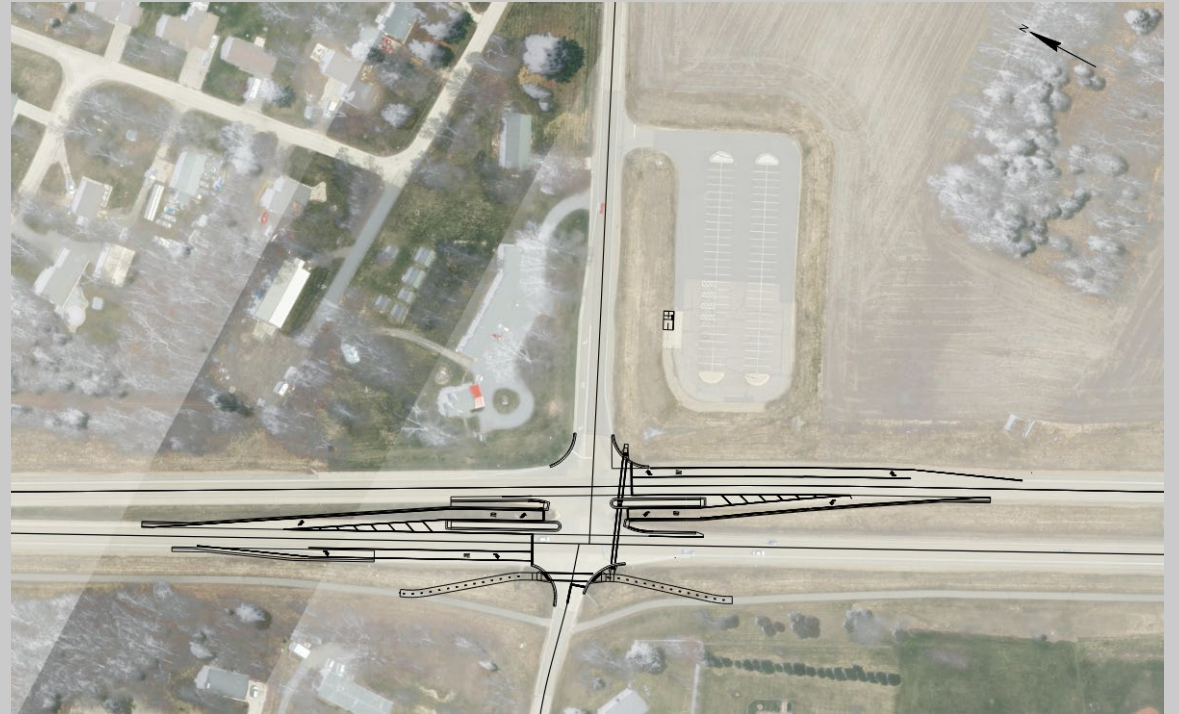

- 10 crashes from 2016-2020
 - One resulted in a serious injury
 - Four resulted in a minor injury
 - Five resulted in property damage
 - 60% are from 188 traveling through or turning left

Preferred Alternative

Traffic signal

- Reduces crashes
- Driver familiarity
- Positive public feedback
- Grade considerations
- Connection between traffic signals at WIS 78 and now WIS 188

Business coordination
