

**Project ID: 3576-01-05/75
Ft. Atkinson – Palmyra
First Street to STH 59
STH 106
Jefferson County**

PROJECT INFORMATION

WisDOT is proposing to improve approximately 0.329 miles of STH 106 from First Street to STH 59, which was last resurfaced in 2006. See the attached project location map. The existing pavement exhibits signs of fatigue in the form of patching, alligator cracking, edge cracking, longitudinal and transverse cracking.

Proposed improvements include:

- 1) Extending the service life of the asphaltic pavement
 - a) Mill approximately 2” of the existing asphaltic surface
 - b) Overlay with 2” of HMA pavement
- 2) Updating curb ramps to meet ADA requirements
- 3) New pavement markings

PROPOSED TRAFFIC IMPACTS

Construction is currently scheduled to begin in the Spring of 2026, with potential advancement to the Spring of 2025, and is expected to be completed within 3-4 weeks.

Traffic control will likely be done through the use of a flagging operation but need for a detour is still being evaluated by the design team. Access to all properties within the project limits will be maintained during construction. If you have special access needs during construction please let us know so these can be considered as much as possible, and if needed included in the bidding documents.

REAL ESTATE

Some minor real estate acquisitions are anticipated for this project.

ANTICIPATED SCHEDULE

Environmental Review Complete:	September 2020
Preliminary Design Complete:	June 2021
Final Design Complete:	May 2024
Bid Date:	August 2024
Construction:	Spring 2026 (with potential advancement to Spring 2025)

PUBLIC INPUT/COMMENTS

We encourage you to talk to the project representatives and ask them questions. Your comments assist us in developing a project that will serve the needs of the traveling public as well as the needs of the local community. Your input is welcome and appreciated throughout the design process.
