Presentation Agenda

1. Project Location
2. Project Purpose & Need
3. Design Overview
4. Traffic Impacts
5. Project Schedule
6. Contact Information

Project Location

- 3.5 miles of WIS 67, Dodge County
- WIS 28/County TW intersection north of Theresa to County H/Church Street intersection in Lomira

Project Purpose & Need

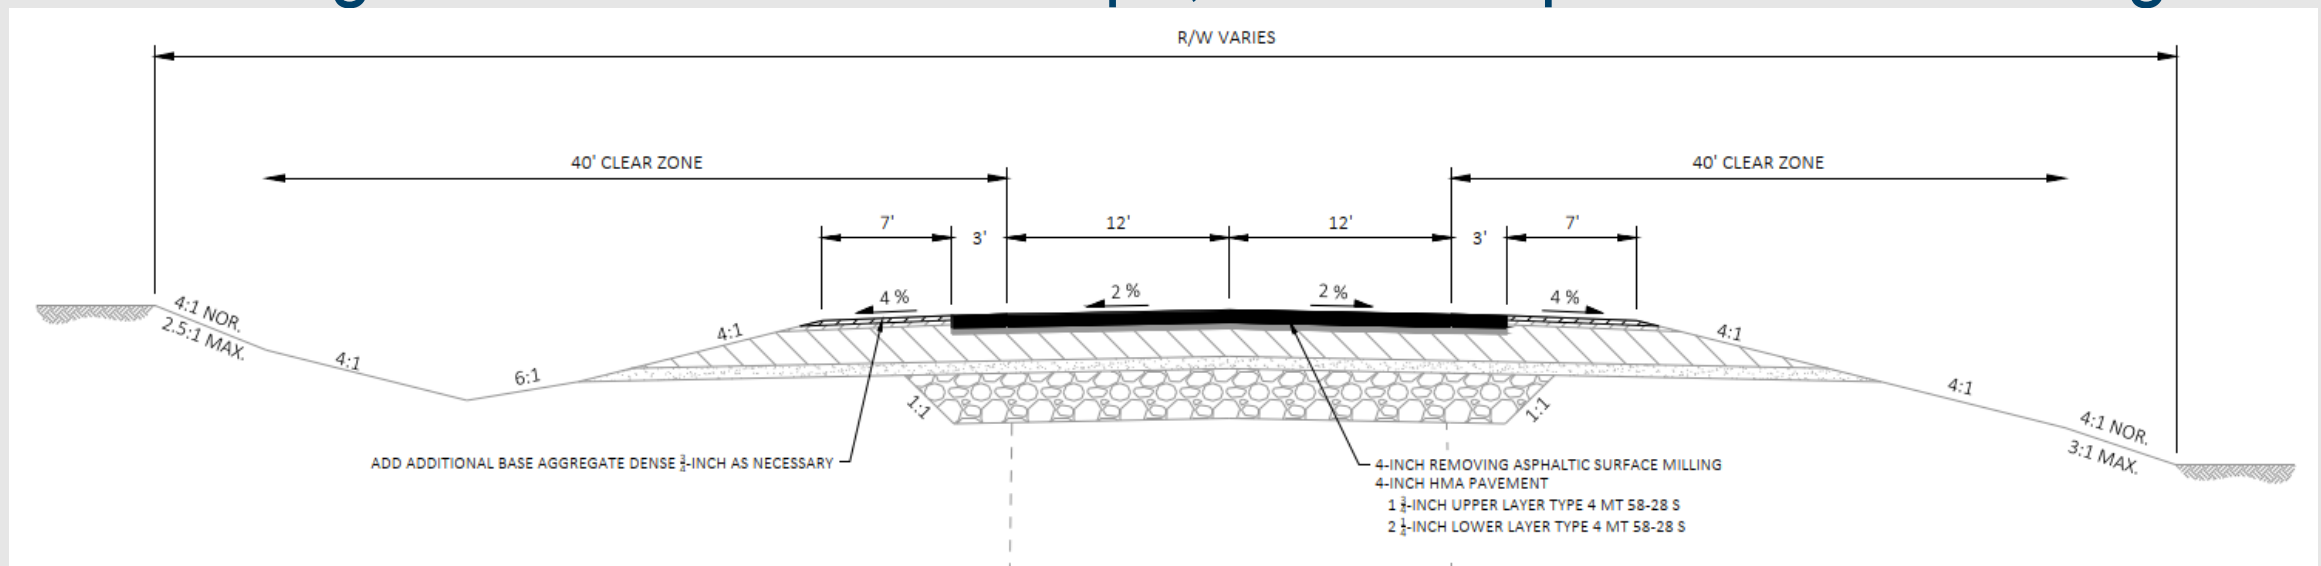

Pavement Deterioration

- **Purpose:** improve pavement conditions along WIS 67.
- **Need:** extend the serviceable life of the WIS 67 pavement.
 - The asphalt pavement is currently deteriorating with longitudinal and transverse cracking.

Proposed Improvements

- The proposed roadway improvements will consist of milling the existing asphaltic pavement and overlaying it with 4-inches of new asphalt, reshaping of the existing base aggregate shoulders, installing centerline rumble strips, and new pavement marking.

Traffic Impacts

- WIS 67 will remain open to traffic during construction. Construction will take place utilizing short duration single lane closures with flaggers.
- Access will be maintained for residents.

Project Schedule

- Environmental Document Complete: Spring 2021
- Preliminary Design Complete: November 2021
- Final Design Complete: November 2022
- Construction: 2023
