SUBJECT: WIS 69 Resurfacing Project Notification and Virtual Public Involvement

Project ID: 1690-04-32/62
Monroe – New Glarus
Bushnell Creek to Cow Path Lane
WIS 69
Green County

Dear Sir/Madam,

The Wisconsin Department of Transportation (WisDOT) is seeking input on proposed improvements to WIS 69 from Bushnell Creek near Monroe to Cow Path Lane in New Glarus in Green County. Enclosed is a Project Location Map for your reference. An improvement project is currently scheduled for 2026, but advanceable to 2023 if funding becomes available.

We invite you to view the project presentation on the WIS 69 project website at, wisconsin.gov/Pages/projects/by-region/sw/wis69-greencounty/default.aspx. The presentation provides details on the purpose and need for the project, and the preliminary design proposal. In addition, we encourage you to submit feedback on the project using the enclosed comment form.

The pavement on this section of WIS 69 is deteriorating with extensive cracking. The proposed improvements include the following:

- Remove 2-inches of the existing asphalt surface and pave 2-inches of new asphaltic material;
- Install centerline and shoulder rumble strips;
- Add new pavement markings; and
- Replace deteriorating culverts.

WIS 69 will be closed to through traffic during culvert replacement with a detour route posted, but will remain open to through traffic during the remaining construction with the use of flagging operations.

We look forward to working with you on this important transportation investment. If you have any questions or comments, feel free to contact me by phone at (608) 246-5628; email Jim.Simpson@dot.wi.gov; or by mail at Wisconsin Department of Transportation, 2101 Wright Street, Madison, Wisconsin 53704-2583. You may also contact Ryan Rudzinski, P.E., Consultant Project Manager, RH Batterman by phone at (608) 365-4464 or email rudzinski@rhbatterman.com. We ask if you have any comments, please fill out the enclosed comment form and send back by July 5, 2021.

Sincerely,

Jim Simpson, P.E., P.L.S.
WisDOT Project Manager

Ryan Rudzinski, P.E.
Consultant Project Manager
