

WisDOT Bridge Inspector Refresher Training Requirements

WisDOT has determined bridge inspector refresher training may come from the preapproved list below or other training if the training is bridge inspection oriented. A minimum of 18 hours of training must be completed **between June 6, 2019 and June 6, 2024**. Each inspector is required to keep a record with any supporting documentation of the courses taken, including the dates, the hours of qualifying refresher training, and upon request, supply the documentation to WisDOT. An individual tracking form is attached below which may be used to track your training progress. **To remain a Wisconsin certified bridge inspector, complete at least 18 hours of refresher training and completed the WisDOT Inspection Refresher Training Record by June 6, 2024.** If requested, the inspector is required to supply refresher training records to WisDOT for review.

Course Name	Course Number	Date/Year	Course Sponsor	Link	Hours	Comment
2016 NCR Bridge Refresher	N/A	2016	WisDOT	BOS Maintenance & Inspection Training	4.5	Reviewed after 6/2019
