ADDENDUM NO. 01

7120-01-74

April 24, 2020

Special Provisions

21. Sediment Removal, Item SPV.0035.02.

Replace entire section titled A Description with the following:

A Description

This special provision describes removal of sediment upstream of the dam and at turbidity barrier locations as shown on the plans and as hereinafter provided. Work includes, but may not be limited to:

- Removal of Sediment upstream of the dam as shown on dam removal plans
- Removal of Sediment accumulated behind turbidity barriers
- Hauling and disposal of sediment
- Providing temporary traffic control as required for sediment removal at 150th Avenue location.

Add the following bullet under section titled B.1 Design Requirements:

- Means and methods for removing sediment upstream of dam.

22. Dewatering for Dam Removal, Item SPV.0105.01.

Replace paragraph two under section titled C.1 Submittals with the following:

The Dewatering and Cofferdam Plan shall be approved by the Engineer prior to beginning construction. Provide the Engineer the plan a minimum of 14-calendar days prior to the pre-construction meeting.

Delete paragraphs three and four under section titled C.2 Permits:
